

(2) The System Operating Manual shall initially be based on the existing completed Central and Southern Florida Project features and shall be developed by the Corps of Engineers as provided in § 222.5(g) of this chapter and by the South Florida Water Management District as its laws and regulations require. Existing water control plans, regulation schedules, and Master Water Control Plans for the Central and Southern Florida Project shall remain in effect until approval of the System Operating Manual.

(3) The System Operating Manual shall be revised whenever the Corps of Engineers and the South Florida Water Management District, in consultation with the Department of the Interior, the Environmental Protection Agency, the Department of Commerce, the Seminole Tribe of Florida, the Miccosukee Tribe of Indians of Florida, the Florida Department of Environmental Protection, and other Federal, State, and local agencies, believe it is necessary to ensure that the goals and purposes of the Plan are achieved.

(4) Except as provided in this part, the System Operating Manual shall follow the procedures for preparation of water control manuals, regulation schedules and Master Water Control Manuals in § 222.5 of this chapter and applicable Corps of Engineers regulations.

(5) The Corps of Engineers and the South Florida Water Management District shall provide notice and opportunity for public comment for any significant modification to the System Operating Manual.

(c) *Project Operating Manuals.* (1) The Corps of Engineers and the non-Federal sponsor shall, in consultation with the Department of the Interior, the Environmental Protection Agency, the Department of Commerce, the Seminole Tribe of Florida, the Miccosukee Tribe of Indians of Florida, the Florida Department of Environmental Protection, and other Federal, State, and local agencies, develop a Project Operating Manual for each project of the Plan that is implemented.

(2) Project Operating Manuals shall be considered supplements to the System Operating Manual, and present aspects of the projects not common to the system as a whole.

(3) Each Project Implementation Report shall, as appropriate, include a draft Project Operating Manual as an appendix to the Project Implementation Report.

(4) As appropriate, the draft Project Operating Manual shall be revised for the project construction phase and the operational monitoring and testing phase after completion of project construction.

(5) The final Project Operating Manual shall be completed as soon as practicable after completion of the operational testing and monitoring phase of the project. The completed project shall continue to be operated in accordance with the approved draft Project Operating Manual until the final Project Operating Manual is approved.

(6) The Corps of Engineers and the non-Federal sponsor shall provide notice and opportunity for public comment for any significant modification to the Project Operating Manual.

§ 385.29 Other project documents.

(a) As appropriate, the Corps of Engineers and the non-Federal sponsor may prepare design documents to provide additional design information needed for projects. Such documents shall be approved in accordance with applicable policies of the Corps of Engineers and the non-Federal sponsor.

(b) The Corps of Engineers and the non-Federal sponsor shall prepare plans and specifications necessary for construction of projects. Such documents shall be approved in accordance with applicable policies of the Corps of Engineers and the non-Federal sponsor.

(c) The Corps of Engineers and the non-Federal sponsor may prepare other documents as appropriate during the real estate acquisition and construction phases for projects. Such documents shall be approved in accordance with applicable policies of the Corps of Engineers and the non-Federal sponsor.
